3. Photo approval

The website uses an edited version of your current portrait. The face and features were not reshaped or replaced, but please compare it with the original before signing.

I approve publication of the edited portrait of me (file darren-drake-portrait-signal.webp). I understand it was made from my current portrait by replacing the background (including around my head and shoulders), adjusting the colors of the whole image, and adding about 130 pixels of jacket sleeve and shoulder on the left and a small strip at the lower right with an editing tool. My face and features were not reshaped or replaced.

I approve its use on: ☐ ddrakelaw.com ☐ the link-preview image ☐ the Google Business Profile ☐ directory listings

The firm ☐ has ☐ does not yet have the photographer's permission to use edited versions. Photographer: _____

Year the original portrait was taken: _____ (we believe 2024)

☐ I prefer to use the original, unedited portrait instead.

4. Old-site wording that will not be carried over

These phrases or items conflict with Tennessee's lawyer-advertising rules or are out of date, as we read them. Tick any you want to discuss.

- ☐ "free consultation" (three practice pages)
- ☐ "one of the highest rated" (search description)
- ☐ Avvo "Top Attorney", NAOPIA (personal injury) and "National Trial Lawyers Top 100" badges
- ☐ "successfully prosecuted..." (biography)
- ☐ "restored on the first attempt" (expungement page)
- ☐ "promptly respond / return calls"; "Client satisfaction is my number one priority"
- ☐ "big firms don't offer"; "a full line of legal services"; "whether criminal or civil"
- ☐ "Darren is a skilled Murfreesboro Attorney" and its link to attorneymurfreesboro.com
- ☐ The old DUI (2016) and expungement (2012) legal details, which are out of date
- ☐ The "Submit a Review" link and the family photo
