Domestic Assault

Help for people charged with domestic assault in Rutherford County.

Overview

A domestic assault charge can bring immediate conditions, such as limits on contact or where you can stay, on top of the case itself. Darren helps people understand the charge, any conditions they've been given, and the court process.

When you reach out, the office will ask a few questions about what happened and when your next court date is. If the firm can assist, Darren will talk with you about next steps.
